This is in response to "Applicants' Response to Commissioner's Response to Notice to File Missing Parts of Application" filed 03 February 2006.

BACKGROUND

On 10 June 2003, applicant filed international application PCT/EP03/06117, which claimed priority of an earlier European Patent Office application filed 12 June 2002. A copy of the international application was communicated to the USPTO from the International Bureau on 24 December 2003. The thirty-month period for paying the basic national fee in the United States expired on 12 December 2004.

On 10 December 2004, applicant filed national stage papers in the United States Designated/Elected Office (DO/EO/US). The submission was accompanied by, *inter alia*, the basic national fee required by 35 U.S.C. 371(c)(1) and an executed declaration.

On 31 May 2005, the DO/EO/US mailed a Notification of Missing Requirements Under 35 U.S.C. 371 (Form PCT/DO/EO/905), which indicated that the declaration filed on 10 December 2004 contained a discrepancy with respect to the name of the third inventor.

On 04 August 2005, applicant filed a response which stated that notice of an inventorship change was previously sent to the International Bureau.

On 10 January 2006, this Office mailed a communication which stated that the DO/EO/US has not received a Notification of the Recording of a Change (Form PCT/IB/306) which indicates that the requested changes have been reviewed and accepted for recording.

On 03 February 2006, applicant filed the present response.

DISCUSSION

The name of the third inventor is listed as Adeline Feybesse in the declaration and is listed as Pascal Deloume in the international application. The present response includes a Notification of the Recording of a Change (Form PCT/IB/306) which indicates that Adeline Feybesse has been added as an inventor and that Pascal Deloume has been deleted as an inventor.

CONCLUSION

The application has an International Filing Date under 35 U.S.C. 363 of 10 June 2003, and a date under 35 U.S.C. 371(c) of 10 December 2004.

This application is being forwarded to the United States Designated/Elected Office (DO/EO/US) for further processing in accordance with this communication.
